SOPHE's *Legacy Circle*

SOPHE'S LEGACY CIRCLE is for donors who want to have a crucial role in achieving SOPHE's future goals related to health education research and practice — the cornerstone for innovation and improving the public's health.

Members of SOPHE's Legacy Circle are remembered *in perpetuity* on a new interactive SOPHE Legacy Wall in SOPHE's

office — or can choose to honor a colleague or mentor who has been inspirational.

As a Legacy Circle donor, you are not only helping to ensure your heritage in SOPHE, but you also make it possible for us to continue the work that safeguards SOPHE's future as a premier health education resource.

Become a part of SOPHE's Legacy Circle today

Circa 1950s
*Name changed to Society for Public Health Education in 1969.

WHEN HEALTH EDUCATION PIONEERS gathered to write the first SOPHE bylaws, they helped recognize health education as a distinct profession and our dedication to promoting the health of all people.

SOPHE has come a long way since 1950 by building a strong national organization, a network of chapters, and an impeccable reputation for health education theory and practice.

Now we must ensure this legacy so that future generations can thrive in “a healthy world through health education.”

SOPHE'S LEGACY transcends multiple careers and generations:

From the time I began my MPH degree in the early 1960s, I've been a SOPHE member. SOPHE has been my most abiding and supportive anchor and touchstone, keeping me honest about my commitment to public health education, the students I've mentored, the populations and causes I've supported, and the academic, foundation, voluntary and government agencies I've served with SOPHE's assistance."

LAWRENCE W. GREEN
50+ year SOPHE member

SOPHE is more than an association, it's a village of mentors, peers, and pipeline of new professionals that shaped me into the health educator I am today. I innocently joined SOPHE as a MPH student, and embarked on a journey that inspired me to find my voice for advocacy and policy; showed me that nonprofit sustainability goes in hand with strategic planning; and groomed me to not only lead, but value the power of coalitions to promote health among our most vulnerable populations.
